Dear Mr Engelke

**STATEMENT 1081 - CARLTON PLAIN: STAGE 1 - IRRIGATED AGRICULTURE**

I refer to your letter dated 10 March 2020 in which Kimberley Agricultural Investment Pty Ltd (KAI) provided information in response to the notice of non-compliance issued on 10 February 2020.

The Department of Water and Environmental Regulation (the department) has reviewed the information provided and note the following;

1. The exceedance of the development envelope boundary defined in Figure 1 of Statement 1081 was due to both survey marker error and a change in road alignment;
2. KAI has applied under section 45C of the *Environmental Protection Act 1986* to change the development envelope boundary resulting in the reduction of the overall footprint by 110 hectares; and
3. KAI will make available on its website its environmental monitoring data relating to Carlton Plain by 30 April 2020.

The department has reviewed the information provided and consider the actions to be appropriate and the non-compliances to be resolved.

Please contact Rowan Inglis on 6364 6472 if you require any additional information regarding this matter.

Yours sincerely
