Dear Mr Engelke

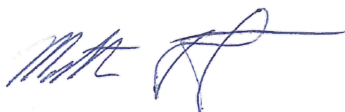

**Carlton Plain: Stage 1 - Irrigated Agriculture – Ministerial Statement 1081 –
Change to proposal approved under section 45c of the *Environmental
Protection Act 1986***

Thank you for your letter dated 12 May 2020 requesting approval of changes to the Carlton Plain Stage 1 Irrigated Agriculture (Ministerial Statement 1081).

I am satisfied that there is no reasonable possibility that the requested changes to the proposal, as described in Attachment 2 to Ministerial Statement 1081, will have a significant detrimental effect on the environment in addition to, or different from, the effect of the original proposal. Approval of the changes is therefore granted under section 45C of the *Environmental Protection Act 1986*. This approval does not affect any responsibilities you may have to seeking approvals from other government agencies to implement the changes.

Please note implementation of the Carlton Plain Stage 1 Irrigated Agriculture proposal, including the approved changes described in Attachment 2, is subject to the conditions of Ministerial Statement 1081. The Chief Executive Officer of the Department of Water and Environmental Regulation may monitor the implementation of the proposal for the purpose of determining whether the implementation conditions are being complied with.

Yours sincerely

Professor Matthew Tonts
